

VIOLight Vulcan is our entry level disinfection equipment and is a smaller version of our top of the line VIOLight Titan. It's a table-top germicidal UVC box built to fight germs that are present on objects & personal possessions that are used by us on a daily basis in our homes, offices and personal spaces. It is designed to kill pathogens such as virus, bacteria and other microorganisms that adhere to keys, wallets, mobiles, tablets and electronic devices and prevent the spread of infection.

| Electrical | 1 Year Limited (except UVC Lamp) |
| Mechanical | 2 Years Limited |

¹Tested under lab conditions for effectiveness against a variety of pathogens (test certificate available on request)

²Lamp sourced from globally reputed manufacturers (test certificate available on request)

CAUTION

DO NOT ATTEMPT to operate the VIOLight Vulcan by disabling the safety control or with drawer being open. In case of the UVC lamp turning on in spite of the drawer being open please unplug it and contact VIOLight. UVC RADIATION CAN CAUSE SERIOUS DAMAGE TO SKIN AND EYES IF EXPOSED. In case of accidental exposure please turn off the VIOLight Vulcan immediately and consult with a medical doctor.
